VOLUME XXI—NO. 191

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA WEDNESDAY, JAN. 19, 1921

ENTS

TEAMS GO OVER THE TOP WITH  
OVER FOUR HUNDRED APPLICATIONSGoal Is Now Fixed for 500,  
With Good Prospects of  
Reaching Figure

## CAMPAIGN ENDS FRIDAY NOON

With a total application list of 404, the new Chamber of Commerce of Charleroi went over the top with a bang today noon. The figures on Tuesday showed the minimum number to be 70 shy of the desired result, but this only fired the various teams with greater zeal, and in the 24-hour interval they secured a sufficient number of signed cards to put the campaign over the top. However, the campaign managers and workers are not satisfied—they want 500 as the least possible number, and during the next two days, during which time the field will be open, every effort will be made to secure this number. The campaign will end Friday noon.

The luncheon today was featured by the presence for the first time of Walter J. Byerly, president of the Board of Trade, and Kerfoot W. Daly, general chairman of the campaign. Also, James W. Guy, Secretary of the Chamber of Commerce of Chambersburg, Pa., was present and delivered a stirring and interesting address.

The reports of the various Majors and Captains showed as follows:

Major, B. B. Fox 5; Captains, R. V. Golden, 9; D. R. Hornell, 14; George W. Might 16; R. C. Mountser, 15.

Major, W. H. Milliken, 0; Captains, Harry W. Geho 38; Cleve Mathers 12; Arch Osborne 12; Free Powell 9.

Major, Fred W. Pieper 7; Captains, Bruce K. Barnett 21; Fred W. Brady 7; Jos. M. Brand 3.

Major, Howard Terbush, divided his "specials" among his teams, which gave the following results—Captains, C. S. Bliss 13; H. E. Price 30; John P. Schaffer 41; J. G. Steinbaugh 73.

Major, Carl E. Wertz 12; Captains, C. W. Davidson 6; Dr. E. D. Hetrick 4; Paul A. Kimmins 14; Guy Woodward 24.

Women's Division, 17.  
Making a grand total of 404.

H. E. Abraham, Thos. Alferi, George W. Anderson, Andrew Balint, Chris B. Anfindsen, Wm. Atkins.

L. J. Bailey, R. L. Barnhart, Duncan Berryman, J. W. Berryman, W. Duncan Berryman, Amalia Bigi, C. S. Bliss, J. H. Bowers & Son, J. C. Brenton, Abe Brill, Eron Bros., Roland W. Brown, J. K. Brumbaugh, Josef Bryszkowski, James J. Bucy, Rev. John R. Burson, F. R. Burwell, Busy Bee Restaurant, Walter Byerly, C. P. Byrne.

Peter Calistri, A. Colligan, D. G. Callihan, John Carroll, Mary E. Carroll.

Roy I. Carson, James Carter, S. Castellana, V. G. Castellano, Andrew Chacko, C. K. Chalfant, Charleroi Lumber Co. (10), W. C. Clark, L. Collins, Consumer Coal Co. (5), Geo. W. Corey, Clyde B. Cope, Jos. T. S. Cowan, Samuel Cucura.

W. M. Darby, W. W. Darby, Supt., Frank H. Delvaux, A. L. Dubinsky, Thomas M. Faddis, Wm. L. Feick, George M. Fellow, Hugh E. Fergus, J. W. Fleming, John Fletcher, Sr., E. Fox, Fred Freeman.

George Gagratt, W. R. Gaur, Greenburg Bros., Rev. G. D. Griffith.

Joseph Haube, R. P. Hess, John J. Henrion, L. E. Honsaker, Miss Matilda Hopkins, Harry C. Hornell, J. N. Hornell, Allan Horn, C. J. Howard, Dr. A. J. Hyde.

Ben. Itzkovitz, Jos. H. Johnson, Philip S. Kefover, E. C. Kelley, Elmer J. Keifer, Steve Koeweck, Paul Kohut, Rev. F. C. Lake, Lauffer Goods Store.

Locals Come From Behind  
and Defeat New Brighton

All who witnessed the contest between Charleroi and New Brighton at the high school gymnasium, last evening, certainly got full value for their money, because it proved, as was predicted, one of the most thrilling exhibitions witnessed on the local floor in many years. Rightfully, Monessen should have been the attraction, but, in view of the fact that athletic relations have been severed between that scholastic institution and Charleroi, and in order that the season's schedule might not be disarranged too much, New Brighton was substituted by the officials of the W. P. L. A. Monessen, on the other hand, met the Beaver Falls team, on the latter's floor, last evening. The teams from the Beaver Valley are not on speaking terms, so to speak, as the result of a collision of forces in an earlier athletic exhibition so the disposition of playing dates, for the four teams herein mentioned, was almost satisfactory solution of a rather troublesome situation. Both New Brighton and Beaver Falls are two of the strongest contending teams in the Fourth Section of the Scholastic League, and the Charleroi and Monessen games are the only one these two teams will indulge in, outside of their own regular assignments. The games with these teams will, of course, figure in the final standing of the league.

The gymnasium was filled to its capacity when the teams came on the floor "Spike" O'Brien, the cheer leader, had his forces well marshaled, and their cheering was an inspiration. The New Brighton boys are a splendid aggregation and they know how to play basketball. They used the two-man defense, the center and the forwards doing practically all of the floor work on the offense. For the most part of the game, notwithstanding the well defined efforts of the locals, the visitors had all the earmarks of certain winners. This was due, in the first place to the inspiring work of their center, Boren, whose splendid floor work and foul shooting enabled his team to assume an apparently commanding lead. The visitors played well in all departments, with the exception that their basket shooting was not in keeping with their other efforts.

For a while, and a rather long one, at that, defeat stared the locals in the face. Charleroi seemed to be outclassed. Everything went amiss with them. They played hard, but unfortunately with the beginning of the closing period of play however, the boys went in with a determination to do or die. Happily for local enthusiasts, there was "no work for the undertaker;" at least, as far as the Charleroi boys were concerned. When the period was about half gone, the boys seemed to have suddenly found themselves. They came from behind with a hair raising burst of speed, which greatly

harassed their opponents. Slowly but surely, through the splendid and consistent display by Weaver and Wagner, the lead of the visitors was dispelled, and an apparent defeat transformed into a glorious victory. Both teams were travelling at a terrific rate, as the period was rapidly drawing to its close, and each play was grimly contested. The fickle Goddess of Luck, however, seemed to smile more approvingly on the efforts of the Charleroi players, than upon those of their opponents, and the final whistle found Captain Weaver's boys victorious over a most worthy foe. Referee Weitzel, an old Central League official, who has previously officiated in this section, performed good service as an arbiter. The summary:

Charleroi—31 New Brighton—29  
Wagner F Kocher  
Lee F Lewis  
Weaver C Boren  
Webster G Coene  
Brown G Salamone

Substitutions: Charleroi—Daniel for Lee, Lee for Daniel. Field goals—Weaver 5, Wagner 2, Kocher 2, Lewis, Boren. Foul goals—Wagner 17 out of 26; Boren, 21 out of 27. Timekeeper, Daniel. Scorers—Miller and Stafford. Referee—Weitzel.

ADVANCE SEAT SALE  
IS VERY GRATIFYING

The advance sale of tickets for Class Play, "Truth, a la Mode," which is to be staged at the high school auditorium, tomorrow evening, has been extremely gratifying. Indications point to a most satisfactory performance, as well as a well filled house. The usual Class Night exercises, formerly held at the conclusion of the play, will occur on Monday evening next. There will be no admission on this occasion, and a cordial invitation is extended the general public to be present. Both these programmes will commence promptly at 8:15 o'clock.

LOCAL COUPLE WERE  
MARRIED IN PITTSBURG

On Monday afternoon, January 17, 1921, Edward K. Luce of Monessen and Miss Hazel L. Watson of Lock No. 4 were married at the home of the Rev. Arthur W. Davies, pastor of the East End Presbyterian church in Pittsburgh. The groom is an employee of the Motz Lumber company of Monessen, while the bride is a teacher in the Brownsville public schools. After a short trip to Washington, D. C., and other eastern points the couple will locate at Lock No. 4 for the present.

HOME-COMING CELEBRATION  
OF PROTECTED HOME CIRCLEDIES IN HOSPITAL  
AFTER SHORT ILLNESS

Julius Caplan, who conducted a tailor shop on Fifth street, near Washington avenue, and who was taken to the Mercy hospital about ten days ago for an operation, died in that institution Tuesday morning at 11:15 o'clock. Funeral services followed by interment, was held in Pittsburgh this afternoon. The deceased is survived by his widow and five children.

TRAINMEN TO GET  
REDUCTION IN TIME

Unless employees of the Pennsylvania Railroad System agree to lay off from work one day a week, a reduction in the working force will be made, according to statements made by employees, who said these alternatives have been placed before them by the company. In many cases it is understood that each train crew will do the work of two crews.

On Tuesday the company started a census to determine the number of men who will volunteer to work one day less each week. Trainmen, telegraphers, yardmen, clerks, road men, freight handlers and other classes of employees will be asked to sign an agreement, it was reported. Most of the employees will accept the weekly lay-off, it is stated.

On the Monongahela Division of the P. R. R. there has been quite a contraction in the way of the number of employees, the lay-offs affecting practically every department. This condition will prevail as long as the present slump in business continues.

BOY FITTED WITH  
ARTIFICIAL ARMS

Howard Fields, the little fellow who was so badly crippled some months ago by coming in contact with a high tension electric wire in North Belle Vernon, and who had to have both arms amputated, has returned home from Kansas City, where he was fitted with artificial arms.

## 57 STARS ON THEIR BANNER

Charleroi Circle, No. 303, P. H. C. held a "Home-Coming" celebration in Might's auditorium, Tuesday night, in honor of the members of the organization who served in the world war, all of whom have been returned to their homes. The celebration was deferred until all members who had seen service had been discharged from service, and the occasion was one of more than usual interest to all those present. It was only a few weeks ago that the last member of the Circle had been discharged from Uncle Sam's army, and then it was arrangements were made for the event which passed off so pleasantly Tuesday evening.

The meeting opened with the execution of several drill movements by sixteen of the ladies of the Circle, which showed excellent proficiency on the part of the participants, and which was greatly enjoyed. Following the drill the address of welcome was delivered on behalf of the Circle by D. M. McCloskey, Esq., followed with a response by Major H. J. Repman, who spoke of the life in the army and the part played by our boys in the Great War. Both addresses were highly interesting and were attentively listened to.

Vocal solos featured the program, following which the social committee took charge and members and guests enjoyed a season of round and square dancing.

One of the features of the evening was the lowering of the Service Flag, which contained 57 stars, one for each member of the Circle who saw service in the army. The committee of arrangements planned well for the entertainment, and many expressions of praise were heard during the evening at the success of the undertaking.

FATHER OF DR. SMITH  
DIED THIS MORNING

Dr. J. K. Smith received word this morning of the death of his father, George M. Smith, at his home in Buffalo township, near Claysville. Mr. Smith passed away this morning at 2 o'clock, in his 86th year. He had been a resident of that locality for many years, having moved to Buffalo township from the eastern part of the county, his birthplace being near Monongahela. November 2, 1838. He was a lifelong member of the Presbyterian church. He is survived by two daughters, Mrs. A. J. Miller of Buffalo township and Amanda, at home and two sons, Mack at home and Dr. J. E. Smith of Charleroi. His wife died about four years ago, aged 84 years. Funeral services will be held Friday morning at 10:30 o'clock, interment in Claysville cemetery.

## THE FLAW IN THE LEAGUE

Words once uttered cannot be wiped from memory by the mere process of eliminating them from the official record. Accordingly the protest of N. W. Rowell, Canadian representative in the Assembly of the League of Nations, against the tendency, which seemed apparent to him, to establish Europe in control of the operation of the League, must be taken as further evidence of the conflict between the ideals of the Old World and the New.

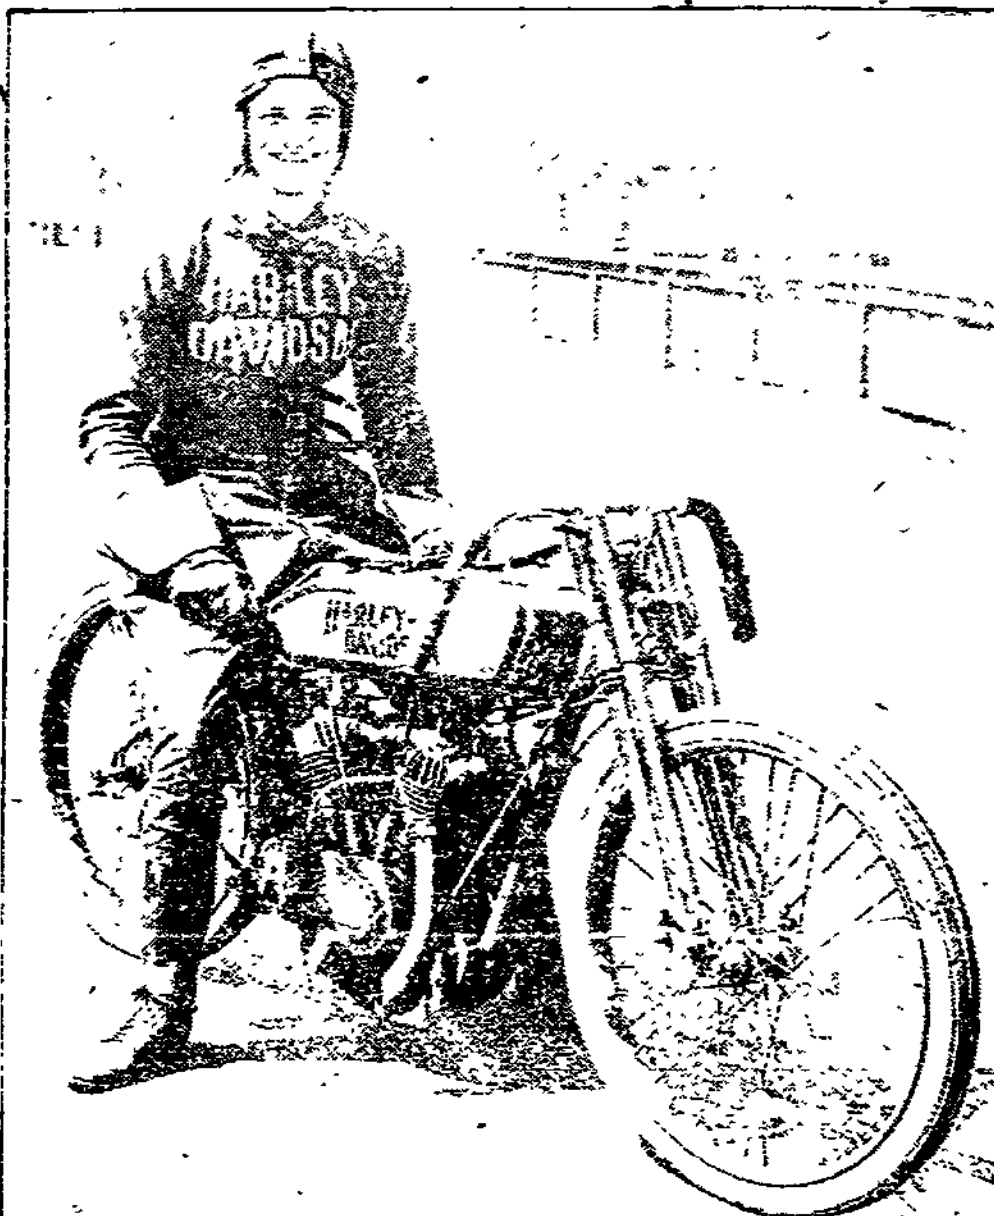

"Fifty thousand Canadian soldiers under the sod in France and Flanders is the price Canada has paid for European statements," he declared to the astonished Assembly at Geneva.

It was to eliminate the possibility of a recurrence of another such war that the proposal for the world federation was approved by the people of the Old World and the New. Domination of international affairs by secret alliances, by selfish motives, or for the particular benefit of any nation or nations, was to be eliminated as a cause of conflict. The people of the United States solemnly came to the conclusion that the covenant did not offer this relief as it was drawn: Argentina withdrew its representative at Geneva; a Canadian, a British subject, who least of all, on this continent might be thought to object to a situation that gave his empire a position of advantage, calls attention to the dangers of control of world affairs by Europe.

Once this feature is removed, and the nations outside of Europe confident that old conditions have passed away, there would be more hope that an international agreement can be arranged whereby wars would be practically eliminated.

## OUR TREATY WITH JAPAN.

It is gratifying to hear that our State Department's negotiations with Japan are approaching a satisfactory conclusion, the more so because to many observers it seemed virtually impossible to satisfy both Japan and the people of our Pacific coast. The proposed treaty is said to cover both the immigration question and alien land ownership in California, and in a way to content all concerned. To please all parties to a seemingly interminable controversy would be so great a triumph of diplomacy that doubting Thomases are apt to be disposed to await the publication of the

Leslie, "Red" Parkhurst, the holder of World's Champion Motorcycle race, who tells of his racing experiences during his long racing career at Turner Hall this evening at 8 o'clock. Under auspices Albright's

full particulars. It is interesting to know that the conferences included Canada, Australia, New Zealand and South Africa, self-governing British dominions which stand practically with the United States in this matter all of them being determinedly opposed to Japanese immigration and more or less hostile to the Anglo-Japanese alliance.

Spanish-America's reported belief that the "imperial" ambition of the United States is only awaiting its opportunity ought to be somewhat modified by the announcement that we are making ready to get out of Santo Domingo.

## YES. THANK YOU. THE FRANKLIN AUTOMOBILE BUSINESS IS GOOD!

Our organization is singularly free from gloom—we are up and doing, every day, and we are BUSY.

Yet, from nearly every quarter comes the cry. "What's the matter with the automobile business?"

Our own Franklin business is not a marked exception to the Franklin sale throughout the country. Where other automobiles have slumped, the Franklin sale has been steady and satisfactory.

Why has the Franklin sale, under such circumstances, become so conspicuously large? What's the answer?

There are two big reasons: First, Franklin superiority in comfort, economy and endurance. Second, the inherent desire of every red-blooded human being to pick a winner.

For the Franklin car is a winner—make no mistake on that point. No other car at any price compares.

What other car yields 20 miles to the gallon of gasoline and 12,500 miles to the set of tires? None. What other car shows such a small yearly rate of depreciation? None.

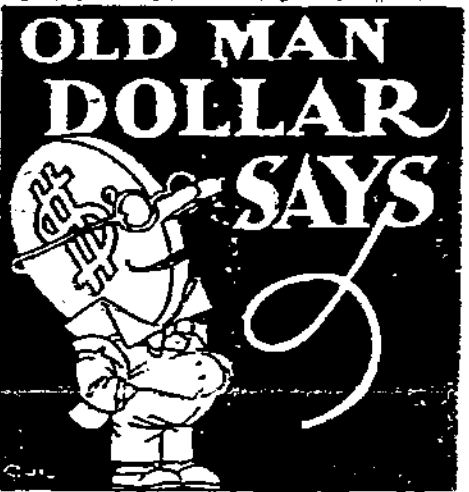

When money is "tight"—when the motor-buying public is unusually cautious, does not this car prove a tribute to a remarkable car which indicates that the Franklin is the car for you?

## J. W. Berryman & Son Charleroi's Busy Store

### STILL GUARDING THEIR PROPERTY

Despite the fact public sentiment  
is such as attests to the anticipation  
of no further fire vandalism in the  
Fayette City district, farmers to the  
number of about 100 are still doing  
guard duty nightly in the district of  
which Belle Vernon and Fayette City  
are the centers. According to Bur-  
gess Steinman of Fayette City, the  
residents are taking no chances as  
they consider it safer to take no  
chances.

Claimants for the \$5,000 reward of-  
fered by the county commissioners  
for the capture of the firebugs let it  
be known on Monday that they will  
at once institute action which may  
lead to some definite statement as  
regards the awarding of the money.

Announcement has been made of  
the marriage in Cumberland, Mary-  
land, of Anita Knapp and Charles

Lowstutter, son of Mr. and Mrs. J.  
Lowstutter of Charleroi, on Monday  
January 17. Mr. and Mrs. Low-  
stutter are well known local young  
people. For the present they will  
make their home in Charleroi.

#### ACCIDENT TO STEAMER IN LOCK NO. THREE

The steamer J. C. Risher, of the  
Pittsburg Coal company fleet, while  
passing through Lock No. 3 Monday  
afternoon broke both of her main  
chains, and was in extreme danger of  
sinking in the chamber. The crew  
installed syphons in the hull and  
kept her afloat, assisted by the  
steamer Tital, of the Vesta Coal  
company, which towed the damaged  
boat to the Elizabeth Marine Ways,  
where the steamer was pulled out for  
repairs.

#### GILMER HAS BEEN PLACED IN JAIL

Thomas Gilmer, who lived out Lin-  
coln avenue extension, was placed in  
the county jail last Saturday in de-  
fault of \$1,000 bail, for the Febru-

ary term of court on a charge of  
cruelty to children. Constable W.  
A. O. Cratty of North Charleroi is  
the private prosecutor.

Town of the Nymphs.  
A Tokyo correspondent of the New  
York World writes that not far from  
the city of Ishinomonsky, on the Pacific  
coast of Hondu, the largest of the  
islands which compose the Japanese  
empire, is a remarkable settlement  
commonly known as the Town of the  
Nymphs. It is several centuries old,  
and peculiar in that its women rule,  
the wife supporting the head of the  
family, while the husbands keep  
house, tend the children and do other  
work that elsewhere is in the woman's  
province. Because their business is  
to dive in the sea for pearls those  
women are called nymphs by the Jap-  
anese. The settlement is on Sehlam  
bay, where pearl shells are numerous  
and are taken from the bottom of the  
sea.

### INVENTORYING

The winter months give the farmer an opportunity to  
take stock of his last year's successes and failures, and  
to turn them to good account in laying plans for the com-  
ing season.  
Facts in this way brought to light may mean the  
dropping of a crop proved to be raised at a loss, or elim-  
inating livestock that have been living as "boarders" on  
his bounty.  
Progressive farmers lay their plans ahead at inven-  
tory-time. We are glad to help such farmers in their  
business.

## Mother, You Should Know

that the care of your little one's constitutional habits during childhood, is your first and greatest duty.

You should know that the prompt and proper breaking up of the coarcted tendency to which most children are prone, may save your child from after-years of digestive misery. That trusted remedy of many mothers,

### Mother Gray's Sweet Powders for Children,

Used by mothers for over 30 years, gives the little one exactly the digestive assistance needed.

These powders are pleasant to take and easy for parents to give. There is no harmful purgative action. When your child is feverish, with bad stomach, or fretful and constipated, or has symptoms of worms, these powders never fail.

You should ask for other Gray's Sweet Powders FOR CHILDREN.

## FREE TO ASTHMA SUFFERERS

Free Trial of a Method That Anyone Can Use Without Discomfort or Loss of Time

We have a method for the control of Asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as occasional or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly. We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumes, "patent smokes," etc., have failed. We want to show everyone at our expense, that our method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms.

This free offer is too important to neglect a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do it Today—you do not even pay postage.

## HOT WATER ALWAYS AT HAND

Continuous Flow of Boiling Liquid and Steam From the Innumerable Geysers of Iceland.

The hot-water fountains of Iceland are on mounts averaging seven feet in height, the top of each of which forms the edge of a sort of basin. From these basins the steam of boiling water can be seen rising and the overflow of water is continuous. The contents of these basins is as clear as crystal and one can see to a great depth, while just below the surface are many wonderfully beautiful white incrustations, to obtain samples of which many a visitor to Iceland has burned his fingers. The petrifications caused by the boiling water streams from the geysers include birch and willow leaves, grass and rushes seemingly converted into marble.

At no time is it entirely safe to loiter in the vicinity of one of these bottomless basins, for the geyser has a way of spouting and gives no advance warning. Sometimes there will be a shoot of boiling water to a height of 15 feet, followed by a succession of jets. The highest shoot of which there is any record is 40 feet.

Occasionally a basin will for some unexplained reason become entirely empty, or will give forth a "steam shoot," which, in the form of a column of spray and vapor at least 60 feet in height, presents a really magnificent spectacle.

## TO REMOVE TATTOO MARKS

Process Is by No Means Easy, Though Modern Science Has Shown It to Be Practicable.

Tattooing is the mechanical introduction of pigments under the skin and a very well-known process. The pigments employed are carbon, cinabar, carmine and indigo.

Most methods employed to remove these marks, says Science and Invention, are by a reactive and a destructive inflammation which will result in the formation of a crust, later cast off together with tattooed markings. One method is to rub the marks with a solution of 20 parts of zinc chloride and 40 parts of water. A mild inflammation will result; a crust forms and about a week later this will fall off, leaving a scar which gradually heals. Later a repetition of this may be necessary. This may be done by the professional tattooer.

The second method is to tattoo again, making the punctures close together after the design has been drawn over with a concentrated solution of iodoform. A stick of silver nitrate is then gently drawn over the surface and after a period of several minutes it is then wiped off. This is far more effective than the first and less scarring. Two other substances, perhaps more efficient than either of the above and applied in the same manner as the first are carbol and glycerol of papain.

St. Mark's Church, New York. The site of St. Mark's church is the oldest church site in New York and has been consecrated to religious service for 260 years. Peter Stuyvesant, the Dutch governor of New Netherlands, erected the first little private chapel in 1600. He and his wife, Judith, were buried underneath the chapel. In her will she left the church to the Dutch Reformed Church of New York, providing that the tomb be preserved. The building was allowed to fall into decay until 1793, when Perrus Stuyvesant, a great-grandson, proposed to the vestry of Trinity church that an Episcopal church be erected on the site. The cornerstone of which was laid in 1795 and the church completed May 9, 1799. The steeple was added in 1820 and the porch a few years later. Since 1839 no material changes in the present appearance of the church have been made, and the church proper is identically the same as it was one hundred years ago. Peter Stuyvesant and his wife are buried in the vault beneath the porch of the church.

The only way to read with any efficiency is to read so heartily that inner time comes two hours before you expected it. To sit with your eyes before you and hear the voice of the clock that says the capital and to sit with your own eyes the capital, is a matter of the imagination. The Roman knights after the battle of Agincourt, and the men of the Crusades, and the men of the Renaissance, and the men of the present, all have found that the only way to read is to read so heartily that inner time comes two hours before you expected it.

### Amber as Medicine.

It is a well-known fact that men have been using amber for centuries and it is a well-known fact that the belief in the curative value of amber necklaces in cases of cold in the head, is still held in China. One prominent report such a cure in a case that had refused to yield to other treatment, and attributes it to the action of amber so worn on the mucous membrane. Another report only so far as to suggest that since amber had apparently a curative value as used internally by the old physicians, its use in necklaces had a rational basis "according to the views once in vogue," which is reasonable enough.

# SAVE NOW!

\$20.00 to \$30.00 on America's Formost and Progressive Kitchen Cabinet.

If you are one of the throngs of women who have already attended this unusual event, you know that it is more than a mere sale.

It is a real Exposition of Kitchen Efficiency—an interesting demonstration of these improved devices for lightening kitchen work and shortening kitchen hours.

If you have not yet visited our store during this Kitchen Comfort Sale, come today. For the sale ends Saturday.

Of all kitchen efficiency devices, the Sellers Kitchen Cabinet stands supreme.

It saves much time and labor. There is a place for everything, and everything is in its place. It makes kitchen work pleasanter, more interesting. And it is a positive safeguard of woman's health and good looks, for it does away with the stooping and reaching which are so dangerous.

You will see demonstrated the "15 Famous Features" which have made the Sellers Kitchen Cabinet so widely known. These cost the manufacturers thousands of dollars extra every year. Yet the Sellers costs no more than any other good cabinet.

Come to this sale today. Never mind whether you intend to buy anything just now, or not. Come anyway, and see this interesting display and demonstration.

### FREE DURING SELLERS SALE ONLY.

Twelve elegant pieces. Just what a woman wants. Thirteen Dollars and a Half's Worth of "Quality Brand" Aluminum Ware.

20 year guaranteed, too. The finest highest grade aluminum ware on the market—and just the assortment that the average woman wants, is now offered FREE during this sale. And with it you get the leading kitchen cabinet at money-saving prices and on more than easy terms.

## HERBS USED IN MEDICINES

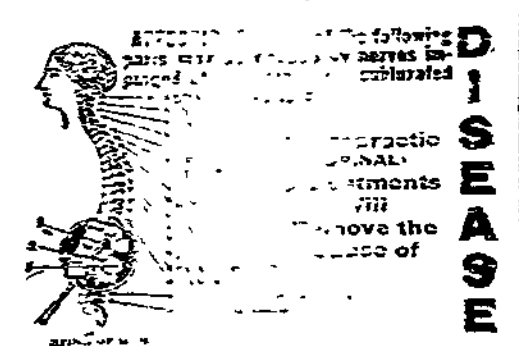

A Manchester, England, paper urges the renewed cultivation of old fashioned medicinal herbs in English gardens. In the United States they have also gone out of fashion as a feature of the small garden, although they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tons of medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for woman's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.

## YOU NEED IT NOW

Washer Wringer

Only \$5.00 Down then easy Monthly Payments Has Swinging Wringer and Other Worthwhile Features

If any electric washing machine feature is worthwhile, the Gainaday has it. The efficiency of washing clothes spotlessly clean in the revolving, reversing Gainaday cylinder is undisputed. Too much evidence points that way—almost a hundred Gainaday owners right here in Charleroi and vicinity is your safeguard. Of great importance, too, is the powerful wringer which wrings the clothes from washer to rinse water to blue water and into the basket, all without moving the machine.
